Mobility & Accessibility  
for Children & Adults

Mobility and Accessibility for Children and Adults Ltd (MACA) is a not-for-profit organisation that aims to advance the rights of people with disabilities and medical conditions to safe and accessible transport.

The Australian Government has funded MACA to establish national information resources to support safe transport.

MACA provides trustworthy information, advice and training about safe transport. This helps build the knowledge and confidence of allied health professionals and organisations who support the transport needs of people with disabilities and medical conditions.

All people have the right to travel safely and comfortably on our roads — and we would greatly appreciate your help in sharing information about MACA with your community.

MACA provides a range of resources to make it as easy as possible to spread the word:

1. Posters to place in your facilities
2. Postcards
3. Copy for your website
4. Social media content
5. Newsletter article

If you have questions, or would like anything further, email [contact@macahub.org](mailto:contact@macahub.org) or call us on (03) 9134 2500 and we would be glad to assist.

Note: The images included in this Council Resource Pack are provided for the sole purpose of use on local government websites and associated digital communications to raise awareness of MACA. These images and resources must not be altered or reproduced for other purposes, without prior written permission from MACA.

## Safer transport for people with disabilities

For some children and adults with disabilities and medical conditions travelling safely and comfortably on our roads can be challenging.

Not-for-profit, Mobility and Accessibility for Children and Adults Ltd (MACA) is here to help.

MACA's website — [macahub.org](http://macahub.org) — provides trustworthy information such as:

- + How to get help
- + Look up list of MACA trained health professionals
- + Answers to frequently asked questions

- + Family stories
- + Transport challenges
- + Independent information about specialised car seats and other products used by people with disabilities.

MACA also provides training and support for allied health professionals and disability product suppliers, who work closely with families, to support motor vehicle transport needs.

Visit [macahub.org](http://macahub.org) to find out more.

We acknowledge the Traditional Owners and Custodians of Country throughout Australia and their continuing connection to land, waters and community. We pay our respects to them, their cultures, and Elders past and present.
